

TERRA BLANCA

WINERY & ESTATE VINEYARD

2014 Signature Series VRM

VIOGNIER 41% ROUSSANNE 23% MARSANNE 36%

“The well-integrated fine tannins provide the backbone of the wine, providing the framework for the myriad of flavors and huge palate feel of the wine. The amazing restrained power, depth and elegance of this wine is evident on the extended velvety finish that never seems to end with lingering flavors of black fruit, smoke, leather and bacon. Grown in Washington only at Terra Blanca Estate Vineyard on Red Mountain.”

Keith Pilgrim,
Owner/Winemaker

GROWING CONDITIONS

The decade of records for grape growing in Washington and specifically on Red Mountain continues with the 2014 vintage setting the record for the all time warmest vintage. Bud break started in very early in late March for some varieties on Red Mountain and the growing season was off to a very quick start. With most days in the mid to upper 90's in our estate vineyard and only a handful of days to cross the century mark (and then just barely) the summer racked up the heat units with amazing consistent very warm days for basically three months. This ideal growing weather led to the start of vintage as early as mid July for some varieties. Harvest started the earliest ever for Terra Blanca on August 25th. The wines from 2014 show the most advanced development and concentrated fruit of any vintage upon completion of primary fermentation. We have high expectations for wines from the 2014 vintage and are excited to see how they develop.

HARVEST

Average Sugar - 25.4° Brix | Average Titratable Acidity - 0.420g/100ml | Average pH - 3.66

WINEMAKING

Fermentation in open tanks and hand punch-downs using a variety of yeast types adds subtle complexities. Twenty six months maturation in French oak barrels concentrates, refines, and polishes the wine.

BOTTLE

Titrateable Acidity - 0.788g/100ml | pH - 3.77 | Alcohol - 13.5% by volume | Production - 91 cases

White Earth. Blue Skies. Red Mountain.
